The Campbell St Footpath project involved the construction and regrading of a footpath at Epping station for John Holland as part of the South Morang Rail Extension Project.

Novel Group formed a joint venture with Carey Civil Contractors to undertake these works.

The project involved:

- Pavement construction
- Asphalt works
- Retaining wall construction
- Drainage works
- Footing construction for light poles
- Kerbing and guttering
- Security fencing works at train stabling area

Works were undertaken over a period of 2 weeks.
